“ Ray would always tell me I cut the grass to often. It would be healthier if I let it grow longer. I would reply if I let the grass grow longer, I would not be able to cut it with my lawn mower. I would need to get a riding mower. He would smile or laugh because he, of course, had a riding mower. He and Ann were both kind to us and we have missed them very much. Our best wishes and condolences to Ann and the family.
