“ I will always remember being very comfortable around Richard. We didn't have to talk, or we could talk and have a nice time too. I would always try to teach him things, but I think he always ended up teaching me so much more than I ever taught him. I had google sky map on my phone, when it was a new app. It's a view finder app to locate stars and constellations. Richard and I messed around with that app for a whole day. Whenever I look at the stars, I will always think of Richard. There are so many other wonderful memories of him. My heart goes out to Reid, Naomi, Amira, and Kimberly, plus his mom, grandparents, aunts, uncles, cousins, friends, and anyone else who's life was blessed with his presence. To know Richard was to have loved him. I truly do feel that way. I am so blessed to have him as my nephew. I love you Richard. Aunt Sarah really does love you. Thank you for being such an angel.
