“ Our best wishes are with the family and we will always have fond memories of our relationship with Sid and David and his family. Life is a highway with many ups and downs and it will more often be the challenges that leave us stronger. If this is the case, Sid is a tower of strength who will prepare the way for his family.

“ We just learned today Feb 7 of Sid's passing. We are serving a mission in Australia. I have fond memories of Sid from my days of serving with him in the system offices of Intermountain. I recall his warmth, his unassuming nature, his welcoming smile, and his wealth of knowledge. I always found him to be positive and upbeat, even in the face of challenges and personal setbacks. My wife, Nance, and I express our condolences to the family. We wish we could be there to celebrate his thoroughly good life with you and his many friends.

“ Sid Garrett and I served together as members of the first senior management committee when Intermountain Health Care was formed in 1975. Sid was the only leader to serve on the committee from the existing LDS Hospital System managers. Sid was selected because of his proven leadership skills, maturity, wisdom, integrity and good will. It was a great joy for me to have him as working companion and a friend. My wife Sydne and I send our expression of gratitude for him and condolences to the family. Scott Parker

“ Your feelings of loss with the passing of a beloved family member is shared by me and a number of friends and associates, I am sure. Sid was a dear friend and colleague. I followed him as administrator of the Cottonwood hospital and we worked together for a number of years. I shared his grief at the loss of family members and cheered with him when the Aggies won a big one. Sid was a man of integrity, a true Christian, an able administrator and a dear friend. His warm and friendly nature always made me feel good, whether at the office, in the hospital or on the golf course. He was just fun to be with. I was blessed by my friendship with him.
